

Quality Policy

As one of the leading manufacturers of Media packaging and IML Tubes, we target to be flexible and capable to quickly respond to the volatile market requirements.

Our company defines the Quality Policy in line with the values and goals of the Viva group of companies, listed as below:

- orientation to stakeholders satisfaction,*
- product quality and safety,*
- ensure timely deliveries according to customer needs*
- reliability,*
- responsiveness,*
- flexibility*
- to ensure stable working conditions.*

We are achieving these goals through :

- maintenance of an effective system of Quality Management according to ISO 9001 standard,*
- continuous improvement of our processes and equipment,*
- introducing in the market new, innovative products ,*
- continuous training of employees and improvement of their competences,*
- complying to legal requirements (and rules of economic activity),*
- apply all of the above in a cost efficient environment.*

Our goal is to maintain the leading position in the Media packaging and IML Tubes industry through innovation and commitment and an ongoing drive for improvement.
